

# Bif Naked, Dawn

she's dawning on me  
she's dawning on me  
she's dawning on me

for you, i'm a good for nothing woman  
red lips red leaves fall on my knees like autumn  
i miss cigarettes every single day of my life  
when you make love to me i close my eyes and pray you say goodbye

damn...  
she's dawning on me  
finally dawning on me  
she's dawning on me

she's beautiful  
she's beautiful  
it's not that you don't know what love is  
it's just that you do not love me

cold wind whispering in my lonely ear  
telling me that heartbreak is drawing near  
you're so hungry baby you'll eat anything on your plate  
guess you don't come home no more 'cause you got a secret date

you gotta hit me on the head a few times  
so blind with wishes i can't see past your smiling eyes  
i miss nicholas every single day of my life  
give me back all my DOA records or i'll show you right

damn...  
she's dawning on me  
finally dawning on me  
she's dawning on me

she's beautiful  
she's beautiful  
it's not that you don't know what love is  
it's just that you do not love me

damn...  
it's dawning on me  
finally dawning on me  
she's dawning on me

she's beautiful  
she's beautiful  
it's not that you don't know what love is  
it's just that you do not love me

she's beautiful  
she's beautiful  
it's not that you don't know what love is  
it's just that you love her and not me
