

Bif Naked, Spaceman (Remix)

Spaceman oh spaceman!
Come rescue me
from this calling
all aliens
come rescue me!
uhohhhhhhh

uhohhhhhhh

I see your face on television,
Almost every day.
In magazines and on the big screen,
Close yet far away.

I wonder why you chose those others
An you never come to call on me
When I'm the one who's waiting for you,
I really need you, please pick me!

Spaceman oh spaceman!
Come rescue me
from this calling
all aliens
come rescue me!
Spaceman oh spaceman!
Come rescue me
from this calling
all aliens
come rescue me!

uhohhhhhhh

Remember that night at my window,
When I waved at you?
I must have been only five or so,
But I never forgot you

I wonder why you chose those others
An you never come to call on me
When I'm the one who's waiting for you,
I really need you, please pick me!

Spaceman, oh spaceman!
Come rescue me from this!
Calling all aliens,
Come rescue me!

Spaceman, oh spaceman!
Come rescue me from this!
Calling all aliens,
Come rescue me!

Spaceman, oh spaceman!
Come rescue me from this!
Calling all aliens,
Come rescue me!
Spaceman, oh spaceman!
Come rescue me from this!
Calling all aliens, Come rescue me!
