

# Biffy Clyro, Only One Word Comes To Mind

This time  
its now or never  
the ones we are  
supposed to bow to

In time we all crawl  
believe in believe in meeee

In time we all fall  
through our fingers  
Its alright to hide away  
underneath the ocean

Open up the way  
I have to feel right

In time we all saw  
Him upon up her

These words won't help you  
If you're looking for answers  
These words won't help you

It's alright to hide away  
Underneath the ocean  
Open up the way  
I have to feel right
