

Biffy Clyro, Stress On The Sky

You're just a.... I'm not to blame, broke your heart for fun
You're just a.... I'm not to blame, you're just a mess to me

If my hope is gone, the way I feel
Until the end is near, below my stress on the sky!

You're just a.... I'm not to blame for this, broke your heart for fun
You're just a.... I'm not to blame, you're just a mess to me
