

# Big Bang, Sail Away

i wanna fly away  
to a lonely place, such an empty space  
where i can be with you  
alone  
come with me and ill show you how  
i wanna sail away  
where the air is clear  
and theres no one there  
across the sky of blue  
with you  
come with me and ill show you how  
its time to break away  
and nothigns gonna stop me now  
i need to fly away  
come with me and ill show you how!!  
come with me and ill show you how!!
