

Big Bang, Sail Away

i wanna fly away
to a lonely place, such an empty space
where i can be with you
alone
come with me and ill show you how
i wanna sail away
where the air is clear
and theres no one there
across the sky of blue
with you
come with me and ill show you how
its time to break away
and nothigns gonna stop me now
i need to fly away
come with me and ill show you how!!
come with me and ill show you how!!
