

Big Black, I Can Be Killed

Say, John, shut me up
Kill my dad
He is weak
Tried to shut me up
I just want away
Keep me quiet
While I'm away
Shut me up
The only way
To keep me quiet
I can be killed
I can be killed
Come on
Go ahead, come on, do me in
Come on, face the dark
Gotta knock me off
Come on, come on, come on, shut me up
Try to keep me quiet
That's the only way
To shut me up
Come on
I can be killed
I can be killed
Come on
