

Big Black, L Dopa

I got a sickness sweet as a love note
I got a headache like a pillow
Called me Daisy, called me Daisy, called me Daisy, that one
Called me Daisy
I am a sweetheart
I am a prom queen
I am some puppies
What, Daisy?
What, Daisy?
Are we here now?
I am a horror
This is an old one
What, Daisy?
L Dopa fixed me, all right
