

Big Daddy Kane, W.G.O.N.R.S.

[Big Daddy Kane]

People people, we gotta get over
before we go under, and I wonder
why we can't find a little piece of mankind
Instead of always step back, gimme my damn nine
Livin the thug, like the shoot up the drug type
They love to hear the people sayin, "Yo that kid is bugged right?"
Just a game, so please, out here men die
The average black man today don't make it to see twenty-five
Cause someone else got the clock rocked
Tryin to get the neighborhood locked, to be the new man on the block
But if you asked me who's the man I'm like, "You tell me?
I don't know, Ed Lover, Dr. Dre and Heavy D?"
I got my mind on comin up, if not in first place
then damnit I plan to be the first runner up
But it seems, I got a lot of problems under my belt
and everday I gotta ask myself
