

Big Head Todd And The Monsters, Sister Sweetly

Ain't no getting up again, she gonna bring you down.
Love gone up and jump again, turn it all around.
I'm goin' to the liquor store, to get some peace of mind.
Something I ain't done before, I can't seem to find.

Hold me please, Sister Sweetly
Give to me, a place in paradise.
Hold me please, Sister Sweetly
And never never never leave me.

Never never never leave me.

Sister I am suffering, a single desire.
Hell is the shadow cast from a soul on fire.

Hold me please, Sister Sweetly
Give to me, a place in paradise.
Hold me please, Sister Sweetly
Never never never leave me.
Never never never leave me.

Never never never leave me.
Never never never leave me.
Never never never leave me.
