

Big Kenny, Outta Site

Puttin' on the ritz, love the way it fits
Electronic town
Six million dollar, silver studded collar
Hydraulic sound

Let it all let go tonight (let it go)
Isn't this just outta site

Puerto Rican ladies, platinum Mercedes
Light your cigar
Bodies bump and grindin', movin' through the blindin'
Fluorescent bar

Let it all let go tonight (let it go)
Isn't this just outta site

Everybody's groovin', limousine is movin'
Follow the buzz
Vinyl and elastic, even though it's plastic
This could be love

Let it all let go tonight (let it go)
Isn't this just outta site (let it go)
Let it all let go tonight (let it go)
Isn't this just outta site

Isn't this just outta site
