

# Big Pokey, Ooh

[Hook - 2x]

I came here to party (ooh)  
I'm about to start it (ooh)  
So get up on the dance floor  
I wanna see, you dance more

[Big Pokey]

I wanna see you dance, so go on shake it  
Them skin-tight pants, got me wanting to take it  
I would let you make it, but that ain't me boo  
You can either love me, or hate me boo  
Soon as you slid through, you caught my eye  
That's why, I just couldn't let you walk right by  
Now I came, to get my groove on  
See what I can see, and get my choose on  
It's on, I'm meeting these broads putting numbers in my phone  
Taking these Cuervo shots, to the dome  
Hol' up, I'm bout to fall  
Drink in one hand, other hand on the wall  
I'm leaning, I think I need a kickstand  
It's going down, like quick sand  
Quit playing, it's on tonight  
I'm trying to take, some'ing home tonight (hey)

[Hook - 2x]

[D-Reck]

Say what's up-what's up-what's up, lil' mama  
Can a real deal worth a mill, chill playa holla  
At you, cause when you came through the do' you made me say (ooh)  
Gave me amnesia, made me forget about my boo  
Gave clues you choose, starch jean set  
6 Coupe no roof, made her say (ooh)  
Penthouse view, make em all act a fool  
Now she hooked on D-Reck, like voodoo

[Noke D]

Excuse, me  
Lil' mama may I ask who you be  
I love the way, you moving that booty  
I really wanna know if you can do me, truly see  
I can go, and call my crew  
And you can, call yours too  
We can meet, where y'all want to  
Or we can meet, on the roof by the pool

[Hook - 2x]

[Noke D]

Now everybody say (ooh)  
Make it drop make it shake, baby say (ooh)  
Don't be scurred, go on act a damn fool  
Do the damn thang, mama make your body move  
Just be you, just be you  
Now D-Reezy, tell me what it do

[D-Reck]

You know me Noke Deezy, I'm trying to leave with two

[Noke D]

Po-Dina, tell me what it's about

[Big Pokey]

It's going down, Tyte Eyez just fell in the spot

[Tyte Eyez]

I fell up in the club, it was crunk in here  
Packed from the back, to the front in here  
Walked to the flo', everybody shaking  
Stepped to the bar, all the seats taken  
I'm like ooh, until I seen this baby boo I like you  
Baby girl what it do, who is you  
I'm Tyte Eyez lil' mama like (ooh), she like (ooh-ooh)
