

# Big & Rich, Loud

Loosen up, shout it out,  
Everybody to the house  
Stomp your feet, clap your hands  
Come on  
Kick it with the band  
We're all about tradition  
We don't mind the twang  
We've got just one condition now

Chorus:  
We like it loud  
We like it honkin'  
The party won't be revvin'  
Till we crank it to eleven  
Get it rockin'  
Our boots are knockin'  
We're gonna say it proud  
We love our country and we like it loud

Calling all the cowboys,  
Don't be scared to make some noise  
Think you're bad, think you're strong  
C'mon people bring it on  
Calling all you sexy mommas  
All the girls next door  
Don't say we didn't warn you baby

Repeat Chorus

From out in California,  
New York to Tennessee  
Come on if you're with us  
Let us hear you scream

We like it loud  
We like it loud  
We like it loud  
We like it  
We like it

Repeat Chorus
