

Big & Rich, Radio

On the road making noise
Rocking hard for all the girls and boys
We got the groove we got the songs
Our kinda music makes you sing along
Well jump on up in your chair
Everybody throw your hands in the air
You're gonna scream until it hurts
You know you're gonna get your dollar's worth well

Chorus:
Crank it up tonight
When you hear us on your radio
OH OH
We'll take you for a ride
Anywhere that you want to go
OH OH
Glad y'all could make it out to the big show
One, two, three, four
Hey, hey, here we go

A big city or a hick town
Soon or later we'll be coming around
We like to party with the rowdy crowd
We like our fiddles and our guitar's loud

Repeat Chorus

Crank it up tonight
When you hear us on your radio
OH OH
We'll take you for a ride
Anywhere that you want to go
OH OH
Glad you all could make it out to the Big & Rich show
One, two, three, four
Hey, hey, here we go

Crank it up tonight
When you hear us on your radio
