

# Big Sugar, Red Rover

(G. Johnson/L. T. Benn)

(Brothers and sisters, are you ready?)

Sometimes I stop and I wonder  
How to keep myself from getting plowed under  
'Cause everywhere I look I see people who suffer  
For the things in life they can't get enough of

Me, I got lightnin' run through my wire  
I'm gonna walk and never get tired  
'Cause this a game of red rover  
Where they send the righteous on over

As the struggle gets hotter and hotter  
You're gonna feel your head slip below the water  
If you think you need to get a little higher  
Just be careful 'cause you walk through the fire

This is the game red rover  
Send the righteous on over  
This is the game red rover

Brothers and sisters, are you ready?  
(Hey red rover, red rover)  
Brothers and sisters, are you ready?  
(Send the righteous on over)

Brothers and sisters, are you ready?  
(Hey red rover, red rover)  
Brothers and sisters, are you ready?  
(Send the righteous on over)
