

Big Time Rush, No Idea

I'll love you, if you ain't got nobody to love
And girl, I'll adore you, if there's no one to adore
And I'll show you, that there's no one to show
And I'll know you, if you want somebody to know

Every time you come around
You put a lightning bolt on my face
Baby, every time you come around
Girls, you talk my breath away
And I just wanna breath, until I take you in
'Cause I want to breathe, until you take me in
But the truth is

Chorus:
But she has no idea, no idea
That I'm even here, I'm even here
She has no idea, no idea
I'm standing here, I'm standing here
Standing here

I'll kiss you, whenever you wanna be kissed
Ooh, I'll miss you two seconds after you leave
Screaming come back to me, come back to me
Let me please you, let me see you
Let me take that heart of yours
And I'll be whatever you need me to be
The good guy, bad guy
Just tell me baby

Every time you come around
You put a lightning bolt on my face
Baby, every time you come around
Girls, you take my breath away
And I just wanna breath, until I take you in
'Cause I want to breathe, until you take me in
But the truth is

Chorus:
But she has no idea, no idea
That I'm even here, I'm even here
She has no idea, no idea
I'm standing here, I'm standing here
Standing here

Please tell me you can hear me
I'm expressing my love
Won't stop 'til I get you
I'm not lettin' up
I'm-a run into your heart
Like a kid in store
Take every ounce of love, then beg you for more
Beg you for more

Chorus:
But she has no idea, no idea
That I'm even here, I'm even here
She has no idea, no idea
I'm standing here, I'm standing here
Standing here
