I blaze the night in Harbor light  
You dressin' light, it's fittin' right  
I hear the waves, i see your wave  
I'm standin' put, you say 'no way'  
Tha track begins, you pull me in  
I touch your skin, you tremblin'  
It's in your eyes, you're here to win  
So let the game, game begin

I ?I ?I ?I wanna see  
You ?you ?you ?you telling me  
That, that you got what I need  
Do pretty girl, don't speak

Chorus:  
Baby show me, by the way you hold me  
Way that you control me  
Speed me up or slow me  
Oh, when I'm lonely  
Full o' stormy weather  
Can you make it better  
I heard what you told me  
So, oh oh show me

Know what you want my number for !  
Ain't talked enough, let's talk some more  
You kinda cute don't hit the mute  
Just aim and shoot or get the boot
