

# Big Tuck, I Know U Want That

(feat. Chamillionaire & Tum Tum)

[Hook: Chamillionaire]

I know I know, I'm a playa

I stay with a, pocket full of money

I'm a pro, at getting paper

So if you about your money, you should come and get that money with me

I know you want that, I know you want that

I know you want that, get that money with me

I know you want that

So if you about your money, you should come and get that money with me

[Big Tuck:]

I'm swimming in cheddar, Gucci's all leaning in leather

Flying wherever, buying whatever whenever

I'm the absolute truth, the bank account's the absolute proof

I'm skating on fools, you should see up under my roof

I'm the money go-getter, diamonds got the chains all here

When that G4 get up, land make the whole city shake up

Big Tuck's up in here, get bucks up in here

Let me tell you some'ing real, every stone VVS clear

Don't have time for them fakers, I been grinding for paper

I'm shining on haters, ten acres up in Jamaica

I'm a fool pimping, a animal for the do'

Professional with it playa, I already know

[Hook]

[Tum Tum:]

Main squeeze caramel, pretty face track legs

Big crib couple cars, except for chains big bread

Blue slab blue spokes, blueberry blue smoke

D-Town yep yep, I rep that already bro

Play N Skillz-T-Town, T.P.G.-DSR

You ain't ever seen now, you looking at a Dallas star

Screens on bang on, top drop shag shown

Candy drip-drip-drip-drip, we get our money on

Thanks to Algierz, red monkeys yeah I'm strapped up

We ball for real bro, go 'head and get your stats up

Come on gal shake that, big money make that

'Zilla on the big screen, I know them haters hate that

[Hook]

[Big Tuck:]

I'm seriously moving, the McClarren is cruising

I can not be losing, supermodels are choosing

Let me tell you what's happening, ain't no faking or capping

When the music is slacking, I'm going back to that trapping

I'm all gorilla, keep fifth found this glitter

The freeway splitter, inside all chinchilla

In the life of a winner, eat steak and lobster for dinner

Pulling up on some spinners, I make one hell of a contender

I'm so-so focused, no clowning on vocals

Look good on my posters, the yacht is the throwedest

Getting money is sent to, better check my credentials

Overseas account, I'm presidential

[Hook x2]
