## Bikini Kill, Blood One

A-E-I I don't owe you nothing Nothing Nada, nunca nothing, never I don't fit into yr dumb words Language is memory pushing through my skin Bloody memory that filters everything

Blood is one Heart is two My pussy is three, three That makes you four

Peace, love and equality
Yr terms
I don't fit into those words
Yr alphabet is spelled with my blood
Yr alphabet is spilled with our blood
blah, blah, blah, blah

I don't understand I don't understand
