

# Bill Anderson, Bad Seed

(Bill Anderson)

Ain't been in Little Rock  
But two weeks and here I am now  
Packing up and disappearing into thin air  
Girls in Little Rock are cute  
But I can't make my heart take roots  
'Cause bad seed won't grow just anywhere.

I need a lots of sunshine  
I need a lots of raindrops  
I need to breath the open air  
I hope to beg your pardon  
Your town just ain't my garden  
Bad seed won't grow just anywhere.

So honey kiss goodbye to your bad seed  
my love is not the kind of love that you need  
I could stay here with you but I wouldn't play fair  
'Cause bad seed won't grow just anywhere.

And you're looking at the baddest of the bad seed.

Next stop Jacksonville now I don't know but I got the feeling  
I might just kinda like it somewhere round there  
Hear tell there's fertile land white pearly silver sand  
And bad seed won't grow just anywhere.

I need a lots of sunshine  
I need a lots of raindrops  
I need to breath the open air  
I hope to beg your pardon  
Your town just ain't my garden  
Bad seed won't grow just anywhere.

So honey kiss goodbye to your bad seed  
my love is not the kind of love that you need  
I could stay here with you but I wouldn't play fair  
'Cause bad seed won't grow just anywhere.

And you're looking at the baddest of the bad seed...
