

Bill Anderson, That's What Made Me Love You

[Mary Lou]

Two nights in the pourin' rain (in a motel in Dallas)

That's what made me love you (that's what made me love you)

Champagne in a dixie cup (you had a little and I had too much)

[Both]

That's what made me love you that's what made me love you

[Mary Lou]

There ain't no way that time can make a bad thing out of our love

[Bill]

In a hundred years I'll think back and I'll have the memory of

[Mary Lou]

A box of candy and a wilted rose (wrinkled sheets and wrinkled clothes)

[Both]

That's what made me love you that's what made me love you

[Mary Lou]

Champagne in a dixie cup (you had a little) yeah you had too much

But that's what made me love you (that's what made me love you)

Two nights in the pourin' rain (in a motel in Dallas)

[Both]

That's what made me love you that's what made me love you
