

Bill Anderson, Time's Been Good to Me

Time's been good to me time took your memory
Erased it slow but well now I can almost tell
The fire that used to burn is gone and won't return
I'm close to victory time's been good to me

They all told me that time would only fan the flame
Each minute without you I'd love you more
And for a while I dreaded each new day that came
Afraid of what the future held in store
But time's been good to me...
