

# Bill Anderson, Used To

(Bill Anderson)

People tell me I don't look as good as I used to  
And they say I don't act as nice as I used to  
But they don't know the heartbreak and the pain I've gone through  
I'm not loved by the woman who used to.

Somebody else lives in the same house I used to  
And he kisses the same lips I used to  
My ex calls him darling and all I can do  
Is pretend but there's really no used to

I used to think life was a song  
If it is I've been singing it wrong  
World please forgive anything I might do  
But it's more than my heart can get used to.

--- Instrumental ---

Yes, it's more than my heart can get used to...
