

Bill Anderson, Without

[Bill]

Well baby now that you've got your freedom how you're doin' (without)

[Mary Lou]

And honey I'm a subject you've got your freedom too how you're doin' (without)

[Bill]

Without your arms around me the world's a lonely place

[Mary Lou]

Please don't look too close when you're looking to my face

So you see that I've been crying (and crying ain't what freedom's all about)

[Both]

I wanna do my thing with you and if I can't do with you I'll do without

[Bill]

You know the last time I saw you was that when you came in

And said that you didn't want to live with me anymore

[Mary Lou]

Yeah I thought we'd both be better off if we just untight the knot

And losin' the chance

But honey I was in your arms five minutes before I knew I made a big mistake

[Bill]

And you just don't know how many nights I've laid awake in a big cold bed

And called your name

And I just wonder now if all the men in town are cravin' your body

Honey what you're doin' (without)

[Mary Lou]

And if all the girls are chasin' you what have you been doin' (without)

Without your arms around me...

I wanna do my thing with you and if I can't do with you I'll do without
