

Bill Nye, It's Called Genetics

Danny has a brown-haired father
And Danny has a brown-haired mother
Turns out Danny has brown hair too
That was the most likely color

Mary has a blue-eyed father
And Mary has a blue-eyed mother
Turns out Mary has blue eyes too
That was the most likely color

Mary and Danny had a baby
So now I'm wonderin' if maybe
Since Danny's hair is curly and Mary's is straight
Then the baby's hair will be wavy?

You know it's called genetics
You know it's called genetics

The DNA makes you what you are
The apple from the tree doesn't fall very far
It's a recipe for what you will be
When you take a look, I think you're gonna see
