

# Bill Withers, Close To Me

Close to me  
Said I want you close to me  
I believe  
I can bring you happiness

Get close to me  
Get closer to the feelin'  
Let's get down  
And let the feelin' do the rest

Come ere close to me  
Anyway you want to  
Let's let it be  
What makes you feel the best

Feelin' high on love and full of energy  
And I want you close to me  
Said I want you close to me

Come ere close to me  
Anyway you want to  
Get close to me  
Come and take what you can get

Come ere close to me  
A little closer to the feelin'  
Get close to me  
And make me shake and sweat

Feelin' high on love and full of energy  
And I want you close to me  
Come ere close to me  
Close to me
