

Bill Withers, Don't Make Me Wait

It's only cause you're waiting
If it's ever in your mind
If it's ever meant to happen
If it's just a waste of time

If you think it might be wonderful
But you feel you have to fight
Is it gonna take a miracle
To make love to you tonight

Don't make me wait, take some time for love
Don't make me wait, take this moment in the night
Don't make me wait, take some time for love
Don't make me wait, let's make love tonight

If it's only feeling guilty
If it's just a case of fright
If you think it's something filthy
Something evil in the night

Don't make me wait, take some time for love
Don't make me wait, take this moment in the night
Don't make me wait, take some time for love
Don't make me wait, let's make love tonight

If it's love it's so sweet and gentle
When you're making love in the night
If it's love it's so very simple
Hold on! Hold on!

Don't make me wait, take some time for love
Don't make me wait, take this moment in the night
Don't make me wait, take some time for love
Don't make me wait, let's make love tonight
