

Bill Withers, I'll Be With You

Woh! I'll be with you,
Yes till heaven comes and takes me away
Or you decide that your life would be
Better without me,
Woh! I'll be with you

Woh! I'll be with you,
Yes forever if you want me to stay,
As long as I don't get in your way
I want to be with you
Woh! I'll be with you

Woh! I'll be with you
Yes forever if you want me to stay
Till never turns into yesterday
I want to be with you
Woh! I'll be with you

And I want to be with you because you make me smile
Let it be me with you forever and a while

Woh! I'll be with you,
Yes forever if you want me to stay,
As long as I don't get in your way
I want to be with you
Woh! I'll be with you
