Billie Holiday, IF I WERE YOU

Buddy Bernier / Robert D. Emmerich If I were you Here's what I'd do I'd give my heart a break Instead of trying to break my heart It I were you I'd do this too I'd string along with me instead of keepin' me on a string I'd love me the whole day long You'd never catch me nappin' Wouldn't have a change of heart Not for fear That such a thing should happen It I were you Here's what I'd do I'd stick to me My whole life through It I were you
