Billie Holiday, Lover, Come Back To Me

The sky was blue And high above The moon was new And so was love This eager heart of mine was singing Lover where can you be

You came at last Love had its day That day is past You've gone away This aching heart of mine is singing Lover come back to me

When I remember every little thing You used to do I'm so lonely Every road I walked along I walked along with you No wonder I am lonely

The sky is blue The night is cold The moon is new But love is old And while I'm waiting here This heart of mine is singing Lover come back to me

When I remember every little thing You used to do Honey I get oh so lonely Every road I walked along I walked along with you Ain't no wonder I am lonely

The sky is blue The night is cold The moon is new But love is old And while I'm waiting here This heart of mine is singing Lover come back Lover come back Lover come back to me Lover come back Lover come back Lover come back to me Lover come on back Lover come on back Lover come on back to me Come on back to me girl Come on back girl Lover come back to me
