

# Billie Holiday, Practice Makes Perfect

(D. Roberts/E. Gold)

If practice makes perfect  
Let's try that old embrace  
In some romantic place  
Where we can take out time

If practice makes perfect  
Just close you eyes again  
We'll try those sights again  
And make them more sublime

We're in love's kindergarden

Learning from a to z  
And if it's fun just starting  
Think what it's going to be

If practice makes perfect  
Let's have that kiss again  
We must'n miss again  
We're not doing bad right now

We're not doing bad  
Let's practice some more  
We're not doing bad right now
