

# Billie Jo Spears, Goin' Steady

Oh me and my baby are goin' steady  
We ain't married but we're gettin' ready  
To tie the knot and I'm gonna make him my own  
Now that I've found him I'm gonna keep him  
Finders keepers losers weepers  
He's my baby he's goin' steady with me

Well I've been honky tonkin' round nearly all my life  
Now I've got a steady baby and he's gonna make me his wife  
All you women can leave him alone don't even try him on the phone  
Cause he's my baby he's goin' steady with me

[ piano ]

Well now sweet baby that we're goin' steady  
You'll come over and ask my daddy  
What he thinks if you and I are wed  
Cause I love you and you love me  
We're both as happy as can be  
And I know my daddy will let you go steady with me

Well we'll get the rings and be on our way to see the preacher man  
And when I say I do sweetheart slip the ring on my loving hand  
Everything's gonna turn out fine I'll be yours and you'll be mine  
Cause you're my baby you're goin' steady with me  
You're my baby you're goin' steady with me
