

Billie Jo Spears, He's Got More Love In His Little

He's got more love in his little finger than you've got in all your heart
He's got more love in his little finger than you've got in your whole heart
And when you leave off in tenderness that's where his tenderness starts
Oh he wouldn't lie to me not to save his life that's something he just wouldn't
He's got more love in his little finger more love that is off of you

He's everything a man should be he's kind he's good and he's
And when I look into his eyes there's a love light that was missing in you
Just one sweet kiss that's all I need tell me we'll never part
He's got more love in his little finger than you've got in all your heart
He's got more love in his little finger than you've got (you've got
Than you've got (you've got) than you've got in all your heart
