

Billie Jo Spears, Rainy Days And Stormy Nights

I hope your new love is grand
She's got all I ever had
Ain't no sunshine in the days
And I miss you so many ways

I've told myself you won't return
All your pictures I have bur-urned
But all day long I still hurt
And every night it just gets worse

Rainy days and stormy nights
All is wrong and nothin's right
Since you walked out of my life
Rainy days and stormy nights

Now that you're not here with me
I wish your memory would lea-eave
The bed is cold where you once layed
But lovin' you won't go away

Rainy days and stormy nights
All is wrong and nothin's right
Since you walked out of my life
Rainy days and stormy nights

Rainy days and stormy nights
All is wrong and nothin's right
Since you walked out of my life
Rainy days and stormy nights
