

# Billie Myers, A Few Words Too Many

Wait a minute  
What did you say  
Did I hear you say  
There's no real reason left for you to stay?  
Under your breath I hear your soft voice break  
Can we still be friends  
I hear you talking but you're just not making sense  
I've been hoping for a happy ending  
Now I know that there won't be any  
Just a few words too many  
In my head  
A few words too many  
In this bed  
A few words too many  
Left unsaid  
Oh I wish that we were strangers  
We could start again  
Start again  
All over  
A broken shadow falls across your face  
As you hesitate  
Trying to think of all the things you need to say  
Bare face the truth lies at my feet  
As you turn away  
Sometimes silence has a way of making peace  
I've been hoping for a happy ending  
Now I knew that there won't be any  
Just a few words too many  
In my head  
A few words too many  
In this bed  
A few words too many  
Left unsaid  
Oh I wish that we were strangers  
We could start again  
Start again  
All over again  
Staring at the ceiling  
Wondering just what you're feeling  
Was it me  
Or was it you  
What's the difference  
If I knew  
Maybe I wouldn't feel so empty  
If I had heard a few words too many  
In my head  
A few words too many  
In this bed  
A few words too many  
Left unsaid  
Oh I wish that we were strangers  
We could start again  
Start again  
Start all over again  
We could start again  
We could start again  
Round and round and round and round  
In my head  
Yeah  
Wait a minute  
What did you say  
Did I hear you say
