

Billie Myers, It All Comes Down To You

(Down to you now)

(Down to you now)

The smell of your hair,
the touch of your skin,
it's with me everywhere,
i can't get away from it,
the sound of your voice, echos all around,
i try to sleep but you are even in my dreams,
find a film always...

-Chorus-

It all comes down to you, yeah
everythin' i do, yeah, yeah,
and everythin' i see you're always here with me,
what can i do?

it all comes down to you, yeah, yeah

I try to let go,
try to break free,
there's somethin' in you that's got such a hold of me,
how was i to know you would go so deep,
i try to think,
but you are all that comes to mind,
all the time,
allways,

-Chorus-

It all comes down to you, yeah,
everythin' i do, yeah, yeah,
and everythin' i say you're always here with me
(oooooooo)

what can i do?

(oooooooo)

It all comes down to you, yeah, yeah

(down to you)

Well i try to be so strong but you've still got me weak,
all it takes is just one touch and i can hardly speak,
i just looked into your eyes and i fell in so deep,
it's not up to me, it's not up to me (it's not up to me)

(do do do do)

(do do do do)

(do do do do)

(do do do do)

(do do do do)

(do do do do)

(do do do do)

-Chorus-

It all comes down to you, yeah

(Down to you now)

everythin' i do, yeah, yeah,

(Down to you now)

everythin' i say ya always here with me,

(oooooooooooo)

what can i do?

(oooooooooooo)

It all comes down to you, yeah, yeah,

(Down to you now)

It all comes down to you, woah, yeah

(Down to you now)

It all comes, it all comes down, it all comes down,

(Down to you now)

To you

(Down to you now)

Oh yeah

Yeah

Everything i do,

(Down to you now)

Everything i say,
(Down to you now)
Everywhere i go you're always here with me,
(Down to you now)
Every piece of me goes either into you,
(Down to you)
It all comes down, it all comes down, it all comes down,
To you
(Down to you now) - (Repeat to fade)
