

# Billy Bragg And The Blokes, St. Monday

Monday and the afternoon is bearing down on me  
I m watching the clock and the clock is watching me  
Don t have to be cool but you know I am  
Don t have to be here but you know that

I m a hard worker but I ain t working on a Monday  
I m a hard worker but I ain t working on a Monday  
A hard working fellow but I ain't working on a Monday  
St. Monday s still the weekend to me

Two dozen enquiries are on hold for me  
My shift supervisor is staring hard at me  
Nobody can say what the matter is  
I m trying to recharge my batteries

I m a hard worker but I ain t working on a Monday  
I m a hard worker but I ain t working on a Monday  
A hard working fellow but I ain't working on a Monday  
St. Monday s still the weekend to me

Somewhere out on the road, I just wanna be free  
I don't wanna do as I m told  
Don t wanna work 4, 5, 6 days and turnaround  
Want to get high on life but first I got to get me back home

Nobody can say what the matter is  
I m trying to recharge my batteries
