

# Billy Burnette, Gettin' Back

Written by billy burnette and mentor williams.

I've been waitin' on you all summer long  
Oh without you everything's been  
Goin' wrong  
I know I've played around but I think i've  
Had enough  
I know I've let you down  
But givin' that all up  
I'm gettin' back to where I can see  
Remembering the way it used to be  
Gettin' back to love-gettin' back to you  
And me  
Baby your shadow follows me everywhere  
Maybe tomorrow I'll see you  
Standing there

With your arms open - you eyes  
Touching mine  
Honey I'm hopin' I'm not runnin' blind  
Gettin' back to where I can see  
Remembering the way it used to be  
'cause I'm gettin' back to love-gettin'  
Back to you and me  
People are fallin' in and out of love so fast  
It don't have to be that way  
This time we'll make it last  
Gettin' back to where I can see  
Remembering the way it used to be  
'cause I'm gettin' back to love  
Gettin' back to you and me  
'cause I'm getting back to love  
Gettin' back to you and me
