

# Billy Burnette, Just My Love

Written by billy burnette.

Just walk on out  
And close the door  
I don't wanna see you anymore

It was such a shock  
Kind of cold conversation  
To end such a long  
Such a long relation

Plans we have made  
Seem oh so beautiful  
Now that we're apart  
They wouldn't seem so suitable

Now what's this going on around here  
Seems like it's been going on for years  
Now you tell me it's time to go on  
And leave me feeling all alone
