

Billy Burnette, Take You Around The World

Written by billy burnette and ava aldridge.

Baby I'm free
Free to be with you tonight
Look into my eyes and say that it's alright
Come and love me for a while
I wanna see you smile
'cause I wanna take you - take you around
The world in my arms
I wanna take you where you've never

Been before
I wanna hear you say I'm what you're
Lookin' for
'cause it ain't that far to reach and touch
A star
Girl I wanna take you - take you around the world in
My arms
And where I wanna take you is right here
Where we are
Babe I wanna take you - take you around t
He world in my arms
