

# Billy Connolly, Cruising

I'm cruisin', I'm on a river of blue  
I'm cruisin', I'm on a river of blue  
I don't know what I'm doin', Can't keep my mind off you.

I'm cruisin', I'm on a river of green  
I'm cruisin', I'm on a river of green  
I don't know where I'm goin', don't know where I've been.

I'm cruisin', I'm on a river of grey  
I'm cruisin', I'm on a river of grey  
It doesn't matter what I try, these feelings wont go away.

I'm cruisin', I'm on a river of black  
I'm cruisin', I'm on a river so black  
The only thing I'm sure of, don't think I'll ever be back.
