

Billy Crawford, Bright Lights (Album Version)

It's 12 o' clock nad we just flew in
The hotel just sent up the hen
Throw them ones and we meet in the lounge
Grab my ice nad i'm ready to bounce
Soon as I walked out my door
Oh yea man, there she goes
I saw a fire in the fourteenth floor
Her a** say hey and my d*** say oh

Chorus:

She's from the bright lights
I'm from the big city
She's gotta nice ass
And got some big ohwee
Oh, Lord this girl is so pretty
So let's do it on the congos
And spend you like a bank roll
Until you holla let's go, let's go

Got downstairs, she just left with her peeps
And I don't want to cause a scene
Ride out 24's on the jeep
CD playin' bumpin' Jay-Z
Jet ski's big ballin in the water
Yet i'm still looking for somebody's daughter
Across the street, on to the beach
She came over here and she talked to me
She said
I hope that you feelin' me
Cause your eyes is keelin' me
Boy, you lookig good

I've heard you from the hood
I know you a ways from home
You don't have to be alone
Baby, i'll be around room fourteen twenty if you're down

CHORUS

RAP:

You know how we get down
Spend it around here
Down in cancoon, vidal sasoon
Home girl and like the hollywood chick
Pink bandana up up north gramma
I'm the dream girl, break it down
That's it girl, rock and bounce
It's from the chicks on the six all around the world
For a mid-west girl, you gotta big chest girl

CHORUS 2x

Hey girl, hey girl you're lookin' good
Hey girl,work it just like you should
hey girl, hey girl you look so fine
Don't you wanna be by my side

Hey girl, hey girl you're lookin' good
Hey girl,work it just like you should
hey girl, hey girl you look so fine
Don't you wanna be by my side
