

Billy Crawford, You Didn't Expect That

you didn't expect that I would find out x2

I was your man, you were my girl
Would have given anything to you in this world
So why is it lately you've been acting cold to me
You don't want to talk to me
You don't like my touch

(bridge)

So tell me why would you do this
Could have told me so
I'da let you go
Look how it ends
We can't even be friends

(chorus)

When you cheat when you lie when you kiss me goodnight
You didn't expect that I would find out
When it's late when you say you were at your friend's house
You didn't expect that I would find out

Ooohh yeahh

So many little things keep on adding up
Girl I've had enough pretending that I'm blind
Two way blowing up way past 12 o'clock
Let me tell you what
It's about that time

(bridge)

And yesterday I followed you baby
I know where you've been
I saw you with him
Look how it ends
We can't even be friends (baby)

(chorus)

When you cheat when you lie when you kiss me goodnight
You didn't expect that I would find out
When it's late when you say you were at your friend's house
You didn't expect that I would find out x2

(rap)

I never thought I found love until love found I
The car, the house, its all be mine
Face your tears love
Those ay your eyes, your kisses, your hugs
They've all been lies
I tried to show you love, but it wasn't enough
caught you in the club, wid him hugged up,
gave you everything, you broke my trust
I thought we could stay together but not us

When you cheat when you lie when you kiss me goodnight
You didn't expect that I would find out
When it's late when you say you were at your friend's house
You didn't expect that I would find out

When you cheat, and you lie,
and you kiss, me goodbye, but I know, where you been
cus I saw you with him (cus I saw you with him, babe)
When you cheat, and you lie, but you kiss me goodbye,
I know where you been
cus I saw you with him

When you cheat when you lie when you kiss me goodnight
you didn't expect that I would find out
When its late when you say your at your friends house
you didn't expect that I would find out x2
