

Billy Currington, Off My Rocker

Well, we know it ain't the first time
We know it used to be my past time
And a couple of weeks back we agreed
That was gonna be my last time
But I guess that night I plumb forgot
Who's runnin' this show and who's not

Oh, I musta been off my rocker
I musta got some wires crossed
To come in here claimin' that from here on out
I'm gonna be the boss
Oh, it musta been me the big talker
Had a little too much Johnny Walker
So let's forget about it baby, I musta been off my rocker

No, there ain't no need to stay mad
No need to waste a whole day mad
Thought I have to admit, honey, you
Look pretty darn cute mad
Oh baby, workin' this out can't be that hard
I said I'm gonna be in charge?

Oh, I musta been off my rocker
I musta got some wires crossed
To come in here claimin' that from here on out
I'm gonna be the boss
Oh, it musta been me the big talker
Had a little too much Johnny Walker
So let's forget about it baby, I musta been off my rocker

Oh, burn it down now

Yeah, I guess last night I plumb forgot
Who's runnin' this show and who's not

Oh, I musta been off my rocker
I musta got some wires crossed
To come in here claimin' that from here on out
I'm gonna be the boss
Oh, it musta been me the big talker
Had a little too much Johnny Walker
So let's forget about it baby, I musta been off my rocker

Yeah, let's forget about it baby, I musta been off my rocker
Ah, I'm sorry about that baby
