

# Billy Idol, Fridays Angels

Your heroes stare with glossy smiles - fridays angels  
They always had that special style - fridays angels  
Standing naked dressing at trial - fridays angels  
You'd give anything to be there for a while - fridays angels

You're made up - played up and feeling great  
Made up - played up and feeling great  
Made up - played up and feeling great  
But the mirror knows - you're a proper state

You paint a face that's toppled kings - fridays angels  
Dressed in the drag of a killer queen - fridays angels  
Loaded - touch to prove you're alive - fridays angels  
It's a hard hard world but you'll survive - fridays angels

You're made up - played up and feeling great  
Made up - played up and feeling great  
Made up - played up and feeling great  
But the mirror knows  
The mirror knows - you're a proper state

Mum and dad think you're a maniac  
To walk the streets dressed up like that  
When you go out you won't be back  
You'll risk the vampires on a friday night  
And you don't care you know you're right  
And you don't care you know you're right  
And you don't care you know you're right  
And you don't care you know you're right
