

# Billy No Mates, Look At You

look at you standing there  
all bloodshot and tearstained  
no one can stop you now  
no one knows quite how to  
unanswered at trial  
couched safety in denial  
no one can stop you now  
only you know how to  
all said and done  
I can't help wondering what's left to deny?  
the hawks are closing in  
clustering on rich reserves  
sex it up, give it spin  
deny it all, unleash a smoke screen  
all said and done  
I can't help wondering what's left to deny?
