

Billy Squier, Stroke

You got me runnin' baby
You give me somethin' way beyond revenue
You put the magic in me
I feel the magic when we do what we do
And oh...
I can't do without you for too long...you're my situation
You're my kinda lover...

You keep me all together
You take me out whenever I'm lettin' down
You got the motions baby
I got a notion maybe I'll stick around
And oh...
I can never doubt you for too long...I can't see no reason
You're my kinda lover...

When you come 'round I never get down---I fly across the floor
I can see you comin' on me...and I can't ask for more
Rock me, sock me, baby you got me ridin' to the end
Rake me, shake me, baby you make me--turn me on again

You got my motor racin'
I find my thoughts embracin' your every move
I wanna set you reelin'
I wanna make you feel the way that I do
And oh...
I been thinkin' 'bout you for so long
I don't wanna lose ya--you're my kinda lover...
