

# Billy Walker, It's Me Not Them

It's easy for them to say forget you for it's me not them who loves you so  
And I should leave when you do the things you do  
For it's me not them who miss you so  
I'm a fool for you I'll agree and if anyone gets her it won't be them it'll be me  
For they don't how I feel when I'm holding you for it's me not them it's happening to  
Yes they don't how I feel when I'm holding you for it's me not them it's happening to
