

Bio Killaz, Get Out My Head

Welcome to the nightmare as I slip into a trance
Little bloody children in a circle as they dance
Where they heads may seem, they scream in horror
Listen to them scream no mo' no mo' no mo'
What is this un-Godly place? This land of death?
The flames are over taking me, I lose my breathe
What is goin' on? This I'm tryin' to find
The Demons pick off the weak and leave they corpses behind
Death is taking over, death is coming quick
The scent of burning corpses is makin' me sick
I can't believe my eyes, I will not compel
Can it be real that I'm trapped in hell?
My visions gettin' blurry, it's makin' me nauscious
Something is telling me I better be cautious
This shit is too crazy, it can't be what it seems
Please tell me this is only a dream

Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head, Get Out of My Head ya'll
Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head ya'll, Please Get Out My Head ya'll
Please Get Out My Head

GET OUT OF MY HEAD, GET OUT OF MY HEAD (Repeated)

Welcome to my head ya'll, everybody else is here
I see more than one Klepto when I look into the mirror
Fear, dear Lord it's overwhelming
My brain is melting, my head is swelling
Voices, and so many choices, some are suicidal
Where's my Bible? For survival I need revival
I can't tell ya'll. Is this reality or Hell ya'll?
I slipped and fell ya'll, my mind's a cell ya'll
There's no escaping from this mentality raping
My fingernails are scraping
Please stop the yelling, why don't you tell me
The answer to the riddle, oh, somebody help me
I'm in love, in love with a nightmare
It's so beautiful 'cause it's always just right there
The last time I blinked, I can't remember
Or maybe it's just because I closed my eyes, forever

Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head, Get Out of My Head ya'll
Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head ya'll, Please Get Out My Head ya'll
Please Get Out My Head

GET OUT OF MY HEAD, GET OUT OF MY HEAD (Repeated)

Get Out of My Head before I make you dead
I come equip with a pick, I stab myself instead
I'm sitting in the house, no one else is home
I'm hearing people laugh so I know I'm not alone
Then they speak up, I start to freak out
I know there's words, but no signs of any mouths
This is all torturous, little children crying
Little voices sound like they're all dying

Alone as I walk, I can hear them talk
Could it be possibly that I'm being stalked
I need verification, begin self mutilation
I hear so many screams like I'm Murderin' The Nation
Now they take control, and make me harm myself

They just want me, and nobody else
The voices everywhere, but always stay unseen
Now I'm rocking back and forth in Ward Thirteee

Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head, Get Out of My Head ya'll
Please Get Out of My Head, Please Get Out of My Head
Please Get Out of My Head ya'll, Please Get Out My Head ya'll
Please Get Out My Head

GET OUT OF MY HEAD, GET OUT OF MY HEAD (Repeated)
