

# Biohazard, Beaten Senseless

Beaten senseless in everyway  
Life disappears, get's blown away  
New world chaos in disarray  
A second to die and forever to pray

The time has come to push to fight, to die, to live  
This time I take the fall  
Don't sort them out just kill them all  
Just never push my back against the wall

Beaten senseless, violent relentless  
No hope defenseless, beaten senseless

Now you pushed me over the edge  
Can't take it no more, I'm seeing red  
Beaten senseless over the head  
Never gonna stop until your all fucking dead

Vengeance is my only thought  
Rage, abuse, the wars I've fought  
Self preservation is self taught  
Turn your back and you'll be caught

Crushing pain intensity a violent beating senselessly so cruel, agony  
Broken spirit, broken home,  
a broken man who can not cope with pain, misery
